**Talk Time: Recycling**

The 3 R's of Recycling is very important. The 3 R's are Recycle, Reuse, and Renew. We reused materials by using your old milk carton and turning it into a planter. On the back of your worksheet are some easy ways to Recycle, Reuse, and Renew common items.

But, did you know you can recycle your electronic devices as well?!?!?!

**E-Waste**

As we replace old electronic products with newer models, the stockpile of used and obsolete products grows. In the United States, millions of electronic devices are discarded each year, making electronics one of the fastest growing parts of the waste stream.

Electronics contain heavy metals, including lead, mercury, cadmium, and hexavalent chromium that can be harmful if released into the environment. Recycling electronics ensures these materials are safely managed and that valuable materials such as steel, glass, and plastic, as well as precious metals such as copper, gold, tin, silicon, and aluminum are reclaimed for the manufacturing of new products. Reusing and recycling raw materials from e-waste conserves natural

resources and avoids pollution. Indiana's E-Cycle Program allows for many electronic devices to be kept out of landfills and incinerators and creates recycling opportunities for Indiana residents.

The following items are prohibited from being discarded by Indiana households, public (including charter) schools, and small businesses:

Televisions

Computer monitors

Computers (including desktops, laptops, and tablets)

E-readers

Fax machines

Peripherals (including keyboards, mice, external hard drives, printers, all-in-one printer/scanner/copiers, projectors, and any other devices that are sold exclusively for external use with a computer and provide input into or output from a computer)

DVD players (including gaming systems that are able to play DVDs)

Digital photo frames

Digital media players

iPods/MP3 players

Camcorders/cameras

DVR/TiVo devices (including cable boxes and satellite boxes, but not satellite dishes)

Portable GPS navigation systems

#### **HERE IS A RESOURCE TO REVIEW BEFORE YOUR MEETING:**

-[GWCRI.COM/SERVICES.PHP](http://GWCRI.COM/SERVICES.PHP)

#### **Activity: Finish the bird feeder**

- Help the scouts to complete their bird feeder

#### **Activity: Recycling game**

As the boys finish the bird feeder put them in groups of 4 and do the recycling game

- ✓ Before the meeting cut the different recyclable cards out.
- ✓ Have the boys race to sort the cards in the correct bins.
  - This can be done at a table or make it into a relay race.

#### **Closing**

- ✓ Point out positive behaviors and activities shown during this session.
- ✓ Tell the scouts what next session will be.
- ✓ Have the scouts clean up the room
