Engage Scouts directly in acts of conservation

Join **Good Turn for Nature** activities at participating parks, nature centers or natural areas to get outside and learn about the importance of caring for nature.

Conservation activities may include:

Trail maintenance, tree planting, invasive species removal, bird identification, trash cleanup and more!

Camp Overnight (Optional)

This campout opportunity is for Scouts BSA Units of 10+ people who complete a Good Turn for Nature service project with a minimum of 4 work hours. The unit will receive a 'pay one night, get one night free' camping trip at the host site where the service project is conducted.

In partnership with the Indiana DNR, select state parks are offering this option.

Note: Camping options may be provided for Cub Scout units who would like to do bigger projects, but the criteria of 10+ people and a minimum of 4 work hours remains the same. Younger aged groups will be required to contact the host site to work out project details.
