Investing in our Youth

With your help, the Central Indiana Boy Scouts of America will continue to prepare young people to make ethical and moral choices over their lifetimes. Your gift will help ensure that over 35,000 youth around Central Indiana will have the opportunity to experience all that Scouting has to offer.
PREVENT and be prepared to keep PHYSICALLY STRONG

Nurture and protect your body by eating healthy food, exercising, getting rest, and avoiding harmful habits like drugs, tobacco and alcohol. Maintaining physical strength is required to do your best and fulfill the Scout Oath and Law.

PROMOTE awareness and education by challenging yourself and others to be MENTALLY AWAKE

Exercise your mind by doing your best in school and work. Explore your world and try to continually learn and then share your knowledge with others.

PROTECT ethical and moral standards in personal and professional matters: others before self and MORALLY STRAIGHT

Maintain honest and open relationships with others. Hold yourself to a high moral standard and be clean in your speech and actions.
